

Asian regional workshop on SciTinyML: Scientific Use of Machine Learning on Low-Power Devices

Marco Zennaro,
mzennaro@ictp.it

About myself

Research Scientist at the Abdus Salam International Centre for Theoretical Physics (ICTP) in Trieste, Italy.

I have been working on IoT since 2006.

Organized training activities in IoT in +30 countries.

Why a TinyML Academic Network

We aim to develop a **community of researchers and practitioners** focused on both improving **access to TinyML education** and **enabling innovative solutions** for the unique challenges faced by Developing Countries.

- Joint **workshops and seminars** on TinyML with lab sessions
- An **online forum** to consolidate the TinyML community
- **Open exchange** of student projects, lesson plans, real-world deployments and outreach materials

Networking

+500 members!

A screenshot of a Discord chat thread on a dark background. It shows four messages from different users, each with a profile picture, name, timestamp, text content, and a thumbs-up icon with a count.

TucciMT 09/16/2021
Hi everybody! My name is Marcelo. I'm at the moment an Eletronic Engineering student from UNIFEI, Brazil. I was part of the TinyML course taught by Marcelo Rovai last semester and became very interested by the subject. I'm very happy to be part of this network and eager to learn a lot from all of you.

Rishi 09/17/2021
Hello! Myself Saptarshi, a PhD Student at Indian Statistical Institute, Kolkata
6

Xola 09/17/2021
Hi everyone, my name is Xola Mapekula from the University of Johannesburg South Africa. I am a mechanical engineering PhD student currently using Classification Supervised learning to analyse scientific data from the ATLAS experiment at CERN

Fatima Zahra Belhadj 09/19/2021
Hello everyone, I am Fatima Zahra from Morocco. I am currently pursuing a Bachelor's degree in Engineering and Management Science at Al Akhawayn university in Ifrane. I am happy to take part in this initiative and learn about machine learning, also share it with everyone!

Workshop Logistics

Three hours per day

UTC: 7am to 10am

| Location | Local Time | Time Zone | UTC Offset |
|--------------------------------------------|-----------------------------------------------|----------------------|----------------|
| Trieste (Italy) | Monday, 6 June 2022, 09:00:00 | CEST | UTC+2 hours |
| Istanbul (Turkey) | Monday, 6 June 2022, 10:00:00 | TRT | UTC+3 hours |
| Bangkok (Thailand) | Monday, 6 June 2022, 14:00:00 | ICT | UTC+7 hours |
| Riyadh (Saudi Arabia) | Monday, 6 June 2022, 10:00:00 | AST | UTC+3 hours |
| Lahore (Pakistan) | Monday, 6 June 2022, 12:00:00 | PKT | UTC+5 hours |
| Pune (India – Maharashtra) | Monday, 6 June 2022, 12:30:00 | IST | UTC+5:30 hours |
| Dhaka (Bangladesh) | Monday, 6 June 2022, 13:00:00 | BST | UTC+6 hours |
| Tokyo (Japan) | Monday, 6 June 2022, 16:00:00 | JST | UTC+9 hours |
| Corresponding UTC (GMT) | Monday, 6 June 2022, 07:00:00 | | |

Workshop Logistics

Attendance certificate only if you follow at least 80% of the lectures (according to Zoom's log file).

Workshop Agenda

| | | | |
|-------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Day 1 | Monday | Introduction to Embedded ML (tinyML) 9:00 AM Conference Opening and Schedule 9:30 AM Keynote - Vijay Janpa Reddi 10:30 AM Introduction to Machine Learning 11:55 AM Day Closing | Marco Zennaro of ICTP <hr/> Vijay Janapa Reddi of Harvard University Slides Video <hr/> Mehran Behjati of National University of Malaysia |
|-------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Workshop Agenda

| | | | |
|-------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Day 2 | Tuesday | <p>Introduction to Embedded ML with Edge Impulse and the Seeed TinyML Kit</p> <p>9:00 AM Day Opening</p> <p>9:05 AM Introduction to Machine Learning (Part 2)</p> <p>10:00 AM Introduction to Edge Impulse</p> <p>11:00 AM Introduction to the the Seeed TinyML Kit</p> <p>11:55 AM Day Closing</p> | <p>Marco Zennaro of ICTP</p> <hr/> <p>Mehran Behjati of National University of Malaysia</p> <hr/> <p>Louis Moreau of Edge Impulse</p> <hr/> <p>Momodou B. Jallow of Seeed Studio</p> |
|-------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Workshop Agenda

| | | | |
|-------|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Day 3 | Wednesday | Hands-on Motion Classification and Responsible AI 9:00 AM Day Opening 9:05 AM Hands-on Motion Classification and Anomaly detection 10:30 AM University Case Studies 11:00 AM Responsible AI 11:55 AM Day Closing | Marco Zennaro of ICTP <hr/> Momodou B. Jallow of Seed Studio <hr/> Susan Kennedy of Santa Clara University Slides Video |
|-------|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Workshop Agenda

| | | | |
|-------|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Day 4 | Thursday | Hands-on Computer Vision and Key Word Spotting <i>9:00 AM</i> Day Opening <i>9:05 AM</i> Hands-on Keyword Spotting <i>10:30 AM</i> Convolutions for Hands-on Computer Vision <i>11:25 AM</i> University Case Studies <i>11:55 AM</i> Day Closing | Marco Zennaro of ICTP <hr/> Momodou B. Jallow of Seed Studio <hr/> Brian Plancher of Barnard College, Columbia University and of Harvard University Slides as PDF as Google Slides Video |
|-------|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Workshop Agenda

| | | | |
|-------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Day 5 | Friday | <p>Applications of TinyML for Asia</p> <p>9:00 AM Day Opening</p> <p>9:05 AM FOMO</p> <p>10:00 AM Case Study: Our Experience Building an Industrial IoT (IIoT) Solution Business</p> <p>10:30 AM Case Study: Design and Deployment of IoT Devices: from Edge to Data Centers</p> <p>11:00 AM Artificial Intelligence for Sustainable Development: Disaster Risk Reduction</p> <p>12:00 PM Discussion: Challenges for TinyML Research Collaboration in Asian</p> <p>12:50 PM Workshop Closing</p> | <p>Shawn Hymel of Edge Impulse</p> <hr/> <p>Apinun Tunpan of SMART Sense Industrial Design Company Limited, Thailand</p> <hr/> <p>Reginald Juan Magpantay Mercado of GTek Research, Philippines</p> <hr/> <p>Soichiro Yasukawa of UNESCO</p> |
|-------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Case studies

Are you working on a TinyML-based project?

Do you have a problem that **could** be solved using Tiny?

Do you have an ML project that could use TinyML for deployment?

We have up to **three awards** for the best presentations from early career/students from developing countries. Send me a message if you want to present (mzennaro@ictp.it) with a title, abstract and your name.

Open Material

The material used in the workshop (slides, videos, code) will be **openly available** for you to use as a teacher/student/practitioner.

TinyMLedu webpage:

<https://tinymledu.org/SciTinyML-22/asia/>

(with videos, slides and code)

ICTP official webpage: <https://indico.ictp.it/event/9800/>

Tell me and I forget,
teach me and I may
remember, involve me
and I learn.

-- Benjamin Franklin

Interaction

You are more than welcome to ask questions!

Please raise your hand in Zoom to ask questions.

Unmute, turn on your camera and ask your question. Please lower your hand and mute yourself afterwards.

Interaction via Discord

If you have longer questions/ don't want to talk, please use the “**ictp-workshop**” Discord channel. Questions and answers in Discord will remain after the workshop (--> good reference!).

Please join Discord by following this link:

<https://discord.gg/zKWgwhSAEY> if you haven't already done so!

We will use **Zoom chat only for announcements.**

Surveys (pre and post workshop)

We put together a short anonymous survey to try to get some background information from all of you so that we can try to update the materials to be as helpful as possible.

If you could fill it out that would be very helpful:

<https://bit.ly/SciTinyML-22-Asia-Background>

Thanks!
